**PUBLISHED BY
CLASS OF 1965**

The Mobile symbolizes the perfect balance, co-ordination, and strength of character that we all strive to attain. From the time we are very small, dependent upon mothers' protection and care until we are removed from this world for our judgment, we are constantly changing, acquiring new traits and habits both good and bad, which alter our mien in some way.

The mobile itself symbolizes each one of us and each of its parts is some knowledge, experience or philosophy that contributes to our final image.

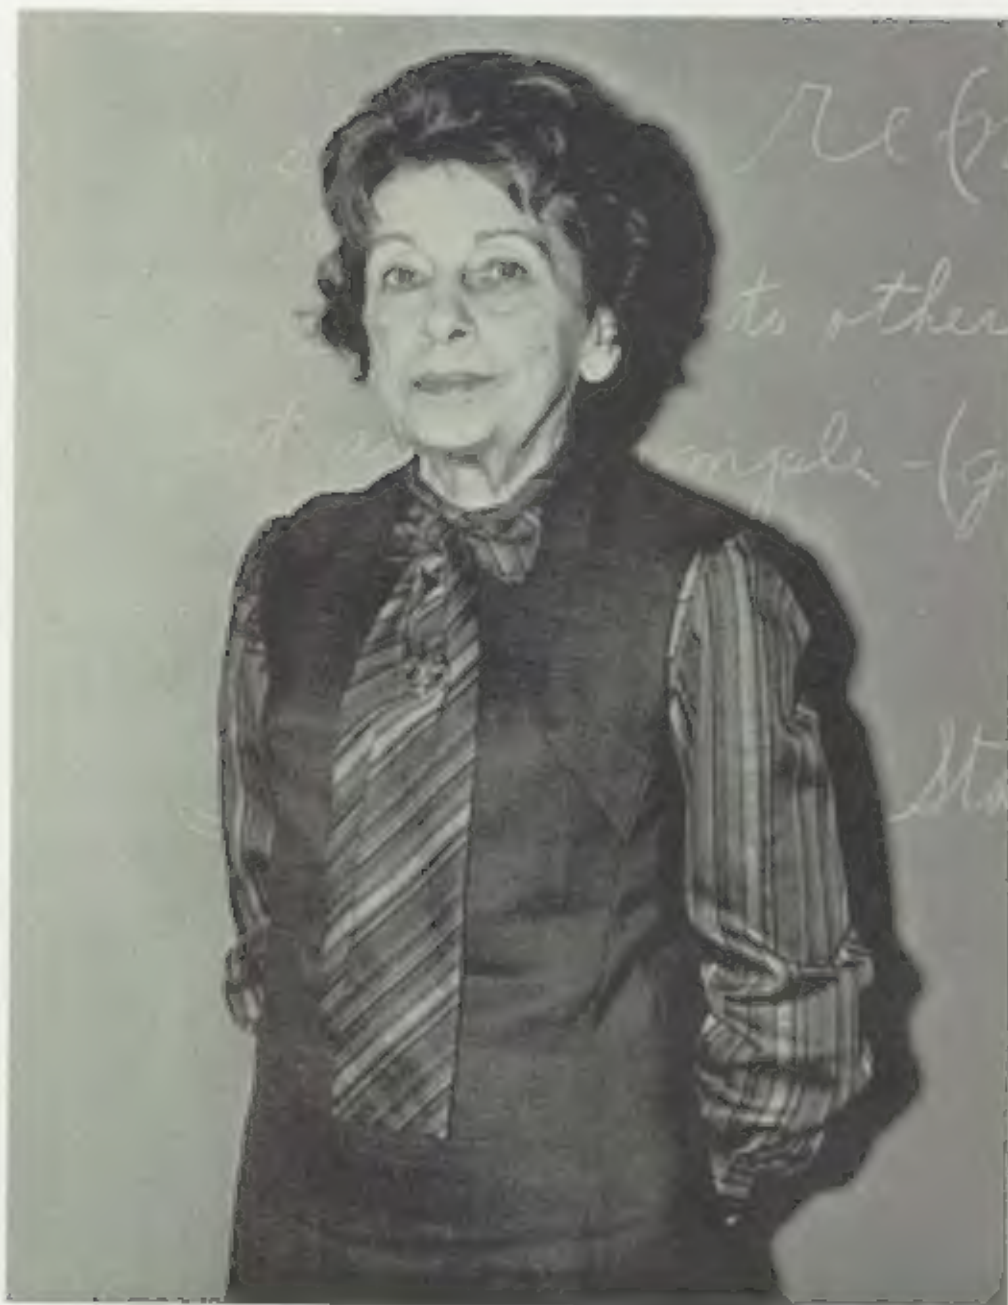

In our own school we are sculpturing our mobile; our teachers try to induce into us new and useful knowledge, not only facts, but also subject matter that will help us to get along with the multitudes of people we shall meet and to cope with the numerous complex problems that we shall encounter during the course of our lives.

But, during our school days, curriculum isn't the only important factor. Activities and sports are also of great value for they add to our mobile the parts of tolerance, sportsmanship, loyalty, and teamwork.

Throughout our lives we should venture upon new shores and experiment with new things, always trying to make our mobile as complex as possible. We should not be afraid of new and difficult things, but attack them with zeal and spirit, knowing that we are adding new parts and are transformed in some way. Just think what a different world this would be if our ancestors had not faced new experiences and gained new knowledge.

Martha Killmeier Robert Short

DEDICATION

Always helpful, cheerful, and full of spirit, you shall always be a shining part of the memory of anyone who has attended our school, especially if he is fortunate enough to have been in one of the many classes you have had during your forty-one years of teaching here.

We especially appreciate your firm but tender guidance in trying to mold small but tempestuous fourth, fifth, and sixth graders into the righteous citizens of tomorrow.

As a tribute of our high esteem and thanks for your friendly smiles and warm words although we have departed many years from your guidance, we, the class of 1965, dedicate this, the 1964 Karatongan, to you, Mrs. Alta G. Cole.

May you forever have good fortune and happiness.

The members of the staff have been entrusted by their fellow classmates to decide the many issues that arise during the process of making a yearbook and to assemble it in such a manner to make it one of which the class as a whole will be proud.

When the staff is chosen, the class members take into consideration their ability and their willingness to work, for each member of the staff must not only put much effort and many hours of his own free time into the yearbook, but he must also be ready to work as a part of a group, offering opinions and ideas toward the topic being discussed.

We, the members of the staff of the 1964 Karatongan, are honored and proud that we were chosen to compile this yearbook and sincerely hope that we have lived up to our expectations and ideals.

ADMINISTRATION FACULTY STAFF

PRINCIPAL

The thirteen long years have quickly passed and the kindergartners of 1951 are the Seniors of 1964. Soon you will be leaving Cherry Valley Central School, some of you for college and some of you into the world to start earning a living. But whatever your goal, you will probably find it strange and at first perhaps disconcerting. New demands, with apparently little explanation will be made upon you, and you will experience the loneliness which comes with enlarged freedom and independence. You may feel uneasy and perplexed. Indeed, if you are in no way disturbed or unsettled by your new environment this could be a danger signal that something is swry. Eventually the dust will settle and you will feel less new, less awkward as you come to meet new conditions and greater demands. I earnestly hope that you will not settle with the dust into routine and intellectual lethargy, but that you will set out upon a search, an exploration and a quest - a quest to know, to understand, to think independently, and to wonder at the infinite possibilities of the human being. Aim high in hope and work, remembering that there is great nobility in both.

Dear Seniors,

Mr. Sinclair has often read to us in assembly Philipians 4:8.

Whatsoever things are true, whatsoever things are honest, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things."

What better advice can "Ma" give you!
God bless you.

FOREIGN EXCHANGE PROGRAM

M. SHIPWAY

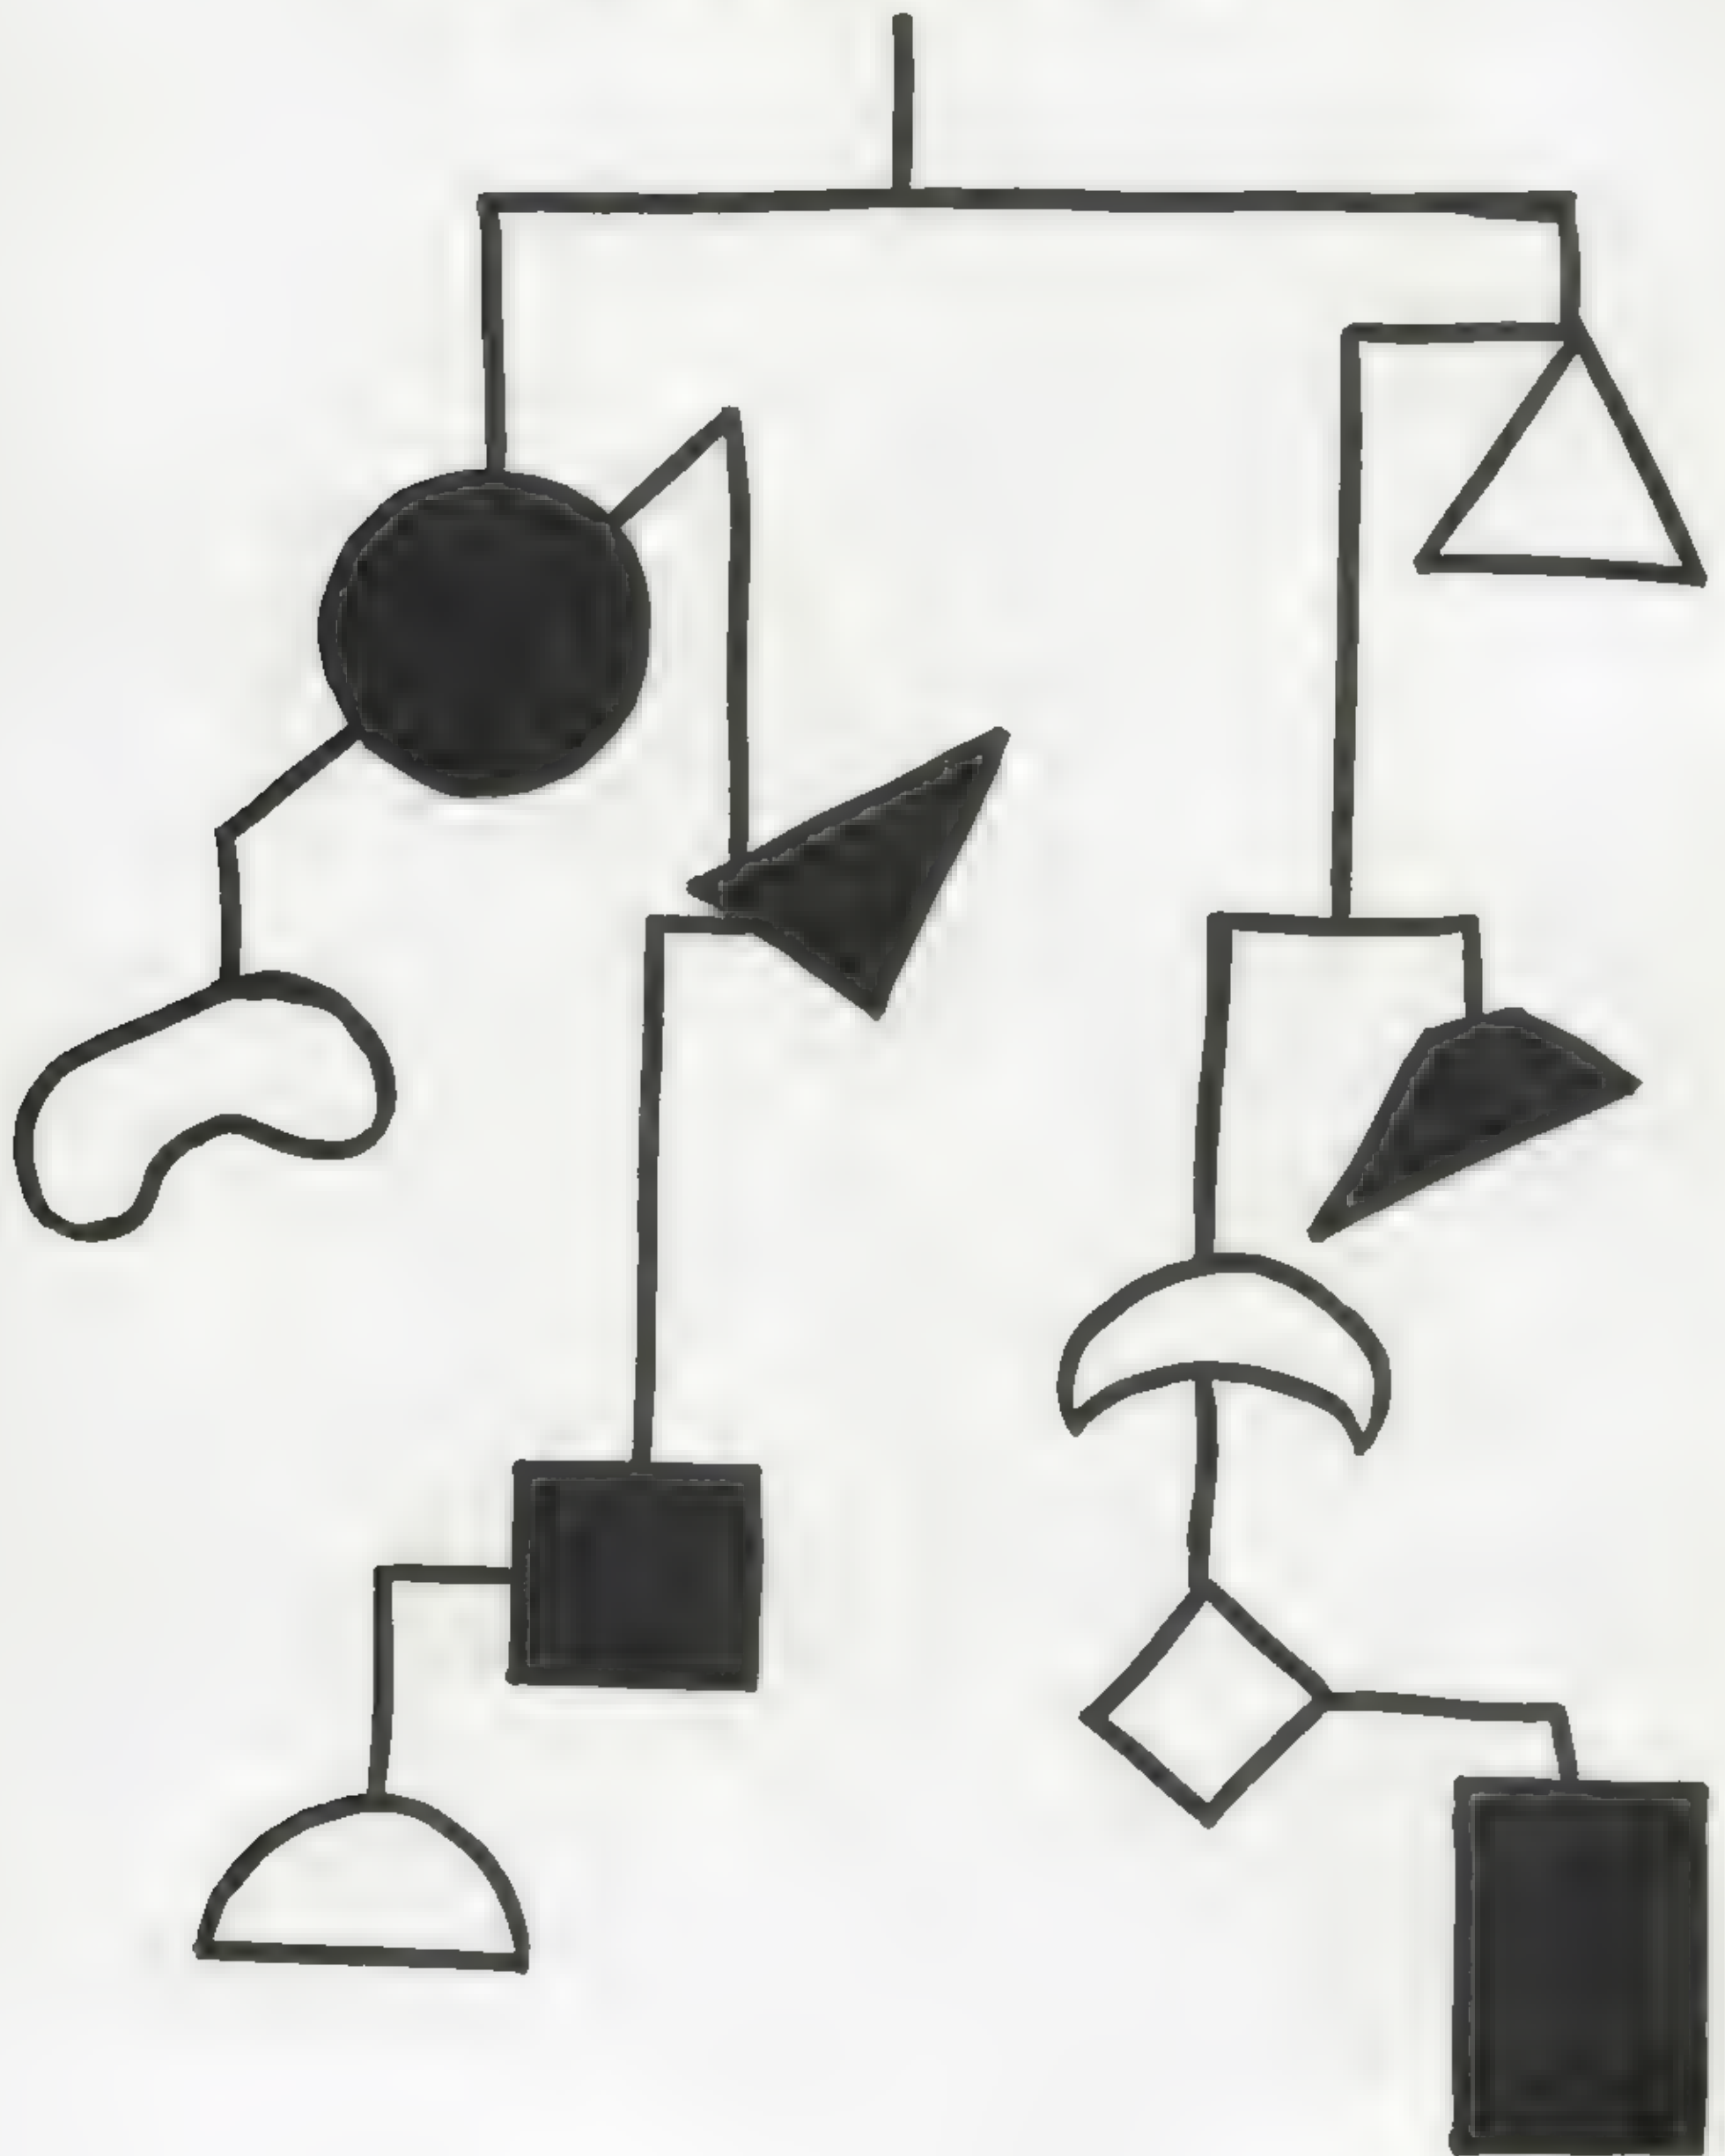

R. MESA

During the summer of 1963 we were privileged to have Michel Shipway represent Cherry Valley and the United States in the city of Cuenca, Ecuador, where he received the warm hospitality of Dr. Jose Simon Astudillo.

The latter part of November, 1963, we welcomed Rodrigo Mesa, the son of Dr. Luis Mesa of Bogota, Colombia. Rodrigo resided at the Shipway home for approximately three months.

It is our hope that this fine program will be continued for many years to come and that even more students will have the opportunity to participate.

At Bresee's, there are always, friendly, capable sales personnel nearby who have a full and understanding knowledge of the merchandise they are selling.

For convenience, Bresee's is outstanding in that it is centrally located in downtown Oneonta.
